**AIS Healthcare earns URAC accreditations for Specialty Pharmacy and Health Call Center**

*The designations reflect AIS Healthcare's commitment to advancing quality throughout the care continuum.*

Dallas, Texas—AIS Healthcare is proud to announce that its two state-of-the-art 503A compounding pharmacies and its four Advanced Infusion Care locations have received the prestigious URAC accreditation in Specialty Pharmacy, and its Dallas-based Care Coordination Program has been awarded URAC accreditation for Health Call Center.

URAC is the independent leader in promoting healthcare quality through leadership, accreditation, measurement and innovation. By achieving accredited status in these two key areas, AIS Healthcare has demonstrated its commitment to going above and beyond to improve quality at every point along the care continuum.

"These accreditations are validation of what we do day in and day out—advancing quality," said Jonathan Hamer, Director of Pharmacy and Pharmacist-in-Charge, Dallas. "It's a prestigious recognition, and we're proud to receive it not only for our pharmacies, but our Care Coordination Program as well."

AIS Healthcare is the leading targeted drug delivery and infusion care provider. In addition to compounding patient-specific prescriptions at its state-of-the-art 503A specialty pharmacies and providing personalized in-home infusion services, AIS Healthcare also offers a comprehensive suite of services to support both patients and providers.

"It's necessary for specialty pharmacies to provide a higher level of treatment for patients so desired outcomes are achieved. AIS Healthcare shows a dedication to patient education and safety through the recognition of quality it received with URAC's independent accreditation," said URAC President and CEO Shawn Griffin, M.D.

AIS Healthcare is dually accredited by URAC and the Accreditation Commission for Health Care (ACHC), further setting it apart from other compounding pharmacies and infusion services providers.

The URAC accreditations for Specialty Pharmacy are effective through November 1, 2022, for AIS Healthcare's Dallas headquarters and its locations in Birmingham, Alabama; Valdosta, Georgia; and Clinton and Ridgeland, Mississippi. The URAC accreditation for Health Call Center in Dallas is effective through October 1, 2022
