

Care Connect

FOR PROVIDERS

Proactive care management services that help patients and providers thrive

ACCREDITED

Health Call Center
Expires 10/01/2022

Care Connect includes:

- ✓ Proactive, phone-based care management services
- ✓ Focused patient assessments, including optimized assessments pre-, mid- and post-refill
- ✓ 24/7/365 patient access to nursing support and education services
- ✓ Billing and reimbursement support
- ✓ Pharmacist support and services

This program is already covered in the core services offered by AIS Healthcare.

Benefits of Care Connect:

- ✓ Empowers physicians and nurses to better serve patients between appointments
- ✓ Collects current and valuable patient information, helping providers get ahead of problems while reducing unnecessary calls and improving workflows
- ✓ Engages patients and optimizes the care experience
- ✓ Adapts to your patients and your practice, with the ability to opt out at any time

“Care Connect is a great additional communication resource for patients.”
