

Advancing quality. Improving lives.

Targeted drug delivery solutions

The leading targeted drug delivery solutions provider, AIS Healthcare does more of what matters to patients and providers.

120,000+

patient-specific prescriptions annually

3

distinct services to improve care delivery

30,000+

pump patients served per year

24/7

support for patients and providers

30+

pharmacists dedicated to the preparation of compounded medications

At our two 503A specialty compounding pharmacies, we go above and beyond to advance quality in all patient-specific prescriptions. With **a proven, proprietary process that combines aseptic processing with terminal sterilization**, we are able to achieve unprecedented sterility assurance and extended Beyond-Use Date (BUD).

100%

third-party testing of
all stock solutions¹

AIS Healthcare is dually accredited by URAC and the Accreditation Commission for Health Care (ACHC).

21-45

day BUD at room temperature
—average 34 days—for all
formulary medications²

1:1,000,000

sterility assurance levels for
unprecedented quality and
patient safety (versus 1:1,000
sterility assurance levels with
aseptic processing alone)

¹ Third-party testing for pH, sterility, potency, endotoxins and particulate matter

² All patient-specific dispenses within maximum concentrations (based on AIS Healthcare in-house data for 120,000 aseptically processed and terminally sterilized patient-specific prescriptions in 2019)

Enhancing the entire care experience

AIS Healthcare offers targeted drug delivery services designed to support patients and empower providers, improving lives throughout the care continuum.

All providers have 24/7 access to AIS Healthcare nurses and pharmacists for medication consults.

A partner in patient care

AIS Healthcare makes life easier for providers across the country, helping them focus on what matters most—providing patients with the best possible care.

- + Our industry-leading pharmacies compound and ship medication with overnight delivery to all 50 states
- + The extended BUD on all our patient-specific prescriptions eliminates the stress of missed appointments
- + Our team bills patients' insurance companies directly for the prescription, reducing administrative work

Easily manage patient prescriptions and securely e-prescribe orders with our physician portal, MyAIS Connect.

myAIS Connect™

Home Connect

Through Home Connect, patients enjoy the comfort and convenience of pump refills and maintenance from a skilled nursing team, wherever they reside.

- + Available for routine and complex refills as well as pump support and maintenance
- + Includes independent programming validation between three qualified RNs
- + **Benefit for providers:** Improves office efficiency while enhancing patients' experiences and improving outcomes

Care Connect

Care Connect provides proactive, phone-based care management services to keep patients engaged and providers informed.

- + Accredited by URAC for Health Call Center at our Dallas location
- + Includes 24/7 patient access to nursing support and education services
- + Already covered in core services offered to patients and providers
- + **Benefit for providers:** Improves communication and collects current, valuable patient information to get ahead of problems while reducing unnecessary calls to providers and improving workflows

Clinic Connect

Clinic Connect sends a highly trained AIS Healthcare nurse at fair market value to support clinic and physician practice staff.

- + The Clinic Connect nurse acts as an extension of the physician's team, performing all pump refills and services with the physician's oversight
- + The practice bills for all procedures performed by the Clinic Connect nurse
- + AIS Healthcare carries liability for nursing services and procedures
- + **Benefit for providers:** Provides physician practices with the time and flexibility to grow

AIS Healthcare nurses are hired for their extensive targeted drug delivery experience, giving you assurance in the care they provide.

Advancing quality standards

With industry-leading pharmacies in Dallas, Texas, (our headquarters) and Ridgeland, Mississippi, AIS Healthcare has a fully redundant targeted drug delivery operation designed to produce medications of the highest quality.

- + Licensed in all 50 states
- + PCAB-accredited for sterile compounding
- + Regularly inspected by pharmacy boards, the DEA and the FDA (no 483 observations on last inspection)

Our quality and sterility processes go above and beyond industry standards.
